Making the case for PrEP for women: What we know and experiences to date

Satellite Session Sponsored by: WHO and OPTIONS

Date: Tuesday, 5 December 2017

Time: 12:45 to 14:15

Venue: PROF. NKANDU LUO (Chandelier), Sofitel Abidjan Hotel Ivoire

Agenda:

- **Reviewing the evidence base for women** – Busisiwe Msimanga-Radebe, WHO, South Africa
- **The status of oral PrEP rollout for women through national implementation and DREAMS** – Wanjiru Mukoma, LVCT Health, Kenya and Janet Saul, Office of the U.S. Global AIDS Coordinator and Health Diplomacy, USA
- **Opportunities for oral PrEP delivery for women through the private sector** – Kyle Muther, FSG, USA
- **Facilitated panel and audience discussion: Challenges, innovative solutions and future directions** – Irene Mukui, NASCOP, Kenya; Hasina Subedar, NDoH, South Africa; Getrude Ncube, MoHCC AIDS & TB, Zimbabwe; and Grace Kumwenda, 2017 AVAC Fellow and Pakachere Advocacy Manager, Malawi

The purpose of this satellite is to review what we know and have learned about delivering oral PrEP to women, in particular adolescent girls and young women.
