ADVOCATES CORNER AT HIV R4P

MONDAY

**All Day - HIV Prevention in Spain**
Visit with Spanish advocates and providers throughout the day to hear about local PrEP programming and HIV prevention resources in Spain. Staff from Apoyo Positivo will be in the corner for much of the day – please stop by and say hola!

**15:00 - 16:00 - Welcome to the Advocates Corner!**
Join us for a toast with our Spanish hosts, celebrating solidarity of advocates and introducing our 2018 Falobi Award recipient!

To learn more about an online community platform called Engage come by the Advocates’ Corner for a tutorial Tues/Wed/Thurs at 16:30 each day!

**10:00 - 10:30 - Planning for Success: The role of advocates**
A conversation with Mike Chirenje and Sheena McCormack about the opening plenary - how can researchers and advocates work together to plan for success and address possible challenges in the field? How can advocates engage in discussions about the future of complex trial design? And more...

**12:00 - 13:00 - Our Prevention Choices**
Join Wafaa El-Sadr and Myron S. Cohen, Co-Principal Investigators of the HIV Prevention Trials Network, for an informal discussion on where user-controlled, on-demand, non-systemic, short-acting products might fit in the shifting HIV prevention research pipeline.

**14:30 - 15:00 - Building Communities of Practice & Power**
Learn about a new online platform called Engage, where advocates, educators and various stakeholders will gather virtually to share advocacy tactics; access materials, resources, and trainings; and discuss important issues from and with one another.

TUESDAY

**10:00 - 10:30 - Crafting Messages for SRHR!**
Come meet the Young Women’s Leadership Initiative at R4P as they open up Wednesday at the Corner to focus and brainstorm messages through song and dance, drama and arts and crafts!

**12:00 - 13:00 - Girl Talk: A conversation between researchers and young women**
Come listen in and participate in a conversation about PrEP, the ring and structural issues, and the concerns and questions young women have for them!

**14:30 - 15:00 - Who Run the World? Girls!**
Come join the conversation between advocates and young women on how they can work together to further HIV prevention for young women.

WEDNESDAY

**10:00 - 10:30 - PrEP in Europe**
Hear about PrEP access advocacy in Europe and how to track its rollout.

**12:00 - 13:00 - Community-driven Research, and Why It Matters**
AfNHi is an African-led network of HIV prevention research advocates based in Africa born out of a joint vision by African Advocates. Come learn about how AfNHi is seeking to fast-track the biomedical HIV prevention research agenda on the continent through local ownership, using indigenous strategies to enhance Africa’s contribution to the global goals!

**14:30 - 15:00 - Mathematical Modeling for Advocacy**
Mathematical modeling is a powerful tool for health policy evaluation, decision-making, health planning, policy dialogue, and advocacy. Learn more about how mathematical models have been used, and how you can apply and translate the findings from mathematical modeling, and communicate these to different audiences.

THURSDAY

To learn more about an online community platform called Engage come by the Advocates’ Corner for a tutorial Tues/Wed/Thurs at 16:30 each day!
