

Session Code	Title	Date	Time - CEST	Type	Track	Channel	Intervention
SA49	Informed choices for pregnant women! New approaches and good practices for studying antiretrovirals in pregnancy	Sunday, July 18	07:30- 08:30	Satellite	N/A	Channel 1	Treatment, PMTCT, Pregnant Women
OP01	Opening session	Sunday, July 18	09:00- 10:00	Opening session	N/A	Channel 1	General
SY03	Ending inequity, ensuring accountability: Report from the United Nations High-Level Meeting (HLM) on HIV (June 2021) (CME)	Sunday, July 18	10:00- 10:45	Symposium	N/A	IAS+	General
SA38	2021 90-90-90 Targets Update: Introduction	Sunday, July 18	11:00- 12:30	Satellite	N/A	Channel 4	General
SY05	HIV reservoir regulation and cure (CME)	Sunday, July 18	14:00-14:50	Symposium	Track A: Basic science	Channel 3	Cure
SY06	Pivoting HIV prevention during a parallel pandemic (CME)	Sunday, July 18	14:00-14:50	Symposium	Track C: Prevention science	Channel 4	PrEP
SY08	Don't wait - integrate! How COVID-19 has highlighted the need for HIV services to be person-centered (CME)	Sunday, July 18	15:00- 15:50	Symposium	Track D: Social, behavioural and implementation science	Channel 2	SRH, DSD
SY25	Cut through the noise: how to connect research, advocacy and impact	Sunday, July 18	15:00- 15:45	Symposium	N/A	IAS+	General
SA19	What's new in the WHO Consolidated HIV guidelines – prevention, treatment, monitoring & service delivery	Sunday, July 18	16:00- 17:30	Satellite	N/A	Channel 1	General
PR02	HIV reservoirs: Lessons for cures (CME)	Sunday, July 18	18:00-19:00	Prime Session	N/A	Channel 1	Cure
SA43	Thinking Beyond Lifelong Treatment in HIV	Sunday, July 18	19:00-20:30	Sponsor Satellite	N/A	Channel 2	Cure, Treatment
SA09	Leveraging the Lessons of Differentiated Service Delivery to Provide High-Quality Integrated Maternal and Child Health services	Sunday, July 18	19:00-20:30	Satellite	N/A	Channel 3	Treatment, Pregnant Women, DSD
SA15	Innovative Clinical Trial Designs to Accelerate Increase in PrEP Choices	Sunday, July 18	21:00-22:30	Satellite	N/A	Channel 4	PrEP, Islatravir, Lenacaprivir
SA18	What's new in DSD for HIV treatment: From WHO recommendations to reality	Sunday, July 18	21:00- 22:30	Satellite	N/A	Channel 3	DSD, General
SA20	Paving the road for new PrEP products: The promise of differentiated, simplified, and decentralized delivery to maximize the potential of new PrEP products	Monday, July 19	08:30- 09:30	Satellite	N/A	Channel 2	PrEP, DSD
SA07	Patient Centered Diagnostics	Monday, July 19	08:30- 09:30	Satellite	N/A	Channel 4	PrEP, CAB-LA
SY12	The Phoenix rises: How COVID-19 has accelerated differentiated service delivery for HIV treatment (CME)	Monday, July 19	10:00- 10:50	Symposium	Track D: Social, behavioural and implementation science	Channel 2	DSD, General
SY14	HIV Cure & Gene Therapy Forum opening session	Monday, July 19	10:00- 10:50	Symposium	N/A	Channel 4	Cure
SY15	Making more of the prevention tools already available: Scaling up U=U (CME)	Monday, July 19	10:00- 10:45	Symposium	N/A	IAS+	U=U
SY16	What is missing in the HIV response?: Strengthening HIV programmes for trans populations in the Global South (CME)	Monday, July 19	11:00- 11:50	Symposium	N/A	Channel 3	KP
SY18	Advances in gene therapy (HIV Cure & Gene Therapy Forum)	Monday, July 19	11:00- 12:00	Symposium	N/A	IAS+	Cure
SY21	Gender and population diversity in control of HIV (CME)	Monday, July 19	12:00- 12:50	Symposium	Track A: Basic science	Channel 4	Cure, HIV Vaccine
SY22	What is coming next for in vivo gene therapy? (HIV Cure & Gene Therapy Forum)	Monday, July 19	12:00- 12:30	Symposium	N/A	IAS+	Cure
PR03	COVID-19 & HIV and HIV in the era of climate change (CME)	Monday, July 19	13:00- 14:00	Prime Session	N/A	Channel 1	General
SY24	Build it: But will they come? Prevention efficacy versus population effectiveness (CME)	Monday, July 19	14:00- 14:50	Symposium	Track C: Prevention science	Channel 3	General
OALB03	Modern ART and COVID-19 in PLHIV (CME)	Monday, July 19	14:00- 14:50	Oral Abstract session with live Q&A	Track B: Clinical science	Channel 4	Treatment
SY26	Will there be a next generation HIV vaccine if current ones fail?	Monday, July 19	14:00- 15:00	Symposium	N/A	Berlin+	Vaccine
SY27	NIH Center Research Partnerships: Implementation Science to End the HIV Epidemic in the US	Monday, July 19	15:00- 15:50	Symposium	N/A	Channel 3	PrEP
SY29	Is the rise in STI under PrEP acceptable?	Monday, July 19	15:30-16:30	Symposium	N/A	Berlin+	PrEP
OALB04	ART and PrEP monitoring in specific population: How much is enough? (CME)	Monday, July 19	16:00-16:50	Oral Abstract session with live Q&A	Track B: Clinical science	Channel 2	PrEP, Treatment

PR04	HIV vaccines and immunotherapy: Quo vadis? (CME)	Monday, July 19	18:00- 19:00	Prime Session	N/A	Channel 1	Vaccine
SA14	2025 AIDS Targets: The next generation of goals for the global AIDS response	Monday, July 19	19:00-20:30	Satellite	N/A	Channel 1	General
SA13	IAS Industry Cure Collaboration Group: linking community to strategy	Monday, July 19	19:00-20:30	Satellite	N/A	Channel 3	Cure
SA27	Bringing the Dual Prevention Pill to market: Opportunities for HIV and pregnancy prevention and implications for future multipurpose prevention technologies (MPTs)	Monday, July 19	21:00-22:30	Satellite	N/A	Channel 1	MPTs
SA33	Differentiated Service Delivery and COVID-19: Resilience, Innovation and Lessons Learned	Monday, July 19	21:00-22:30	Satellite	N/A	Channel 3	DSD, Treatment
SA22	Key Populations are the Future of the HIV Epidemic in Sub-Saharan Africa	Tuesday, July 20	08:30- 09:30	Satellite	N/A	Channel 1	KPs, General
SA04	PrEP implementation in Latin America - Results of the ImPrEP Project	Tuesday, July 20	08:30- 09:30	Satellite	N/A	Channel 2	PrEP
SY63	LIVE from Southern Africa: Closing the gap on integration	Tuesday, July 20	10:00-11:00	Symposium	N/A	Berlin+	PrEP
SY34	Advances in in vivo cell and gene therapy (HIV Cure & Gene Therapy Forum)	Tuesday, July 20	10:00-11:30	Symposium	N/A	IAS+	Cure
SY38	COVID-19 and HIV: Monoclonal antibodies for their prevention and treatment (CME)	Tuesday, July 20	12:00-12:50	Symposium	Track C: Prevention science	Channel 2	Antibodies
OALC011B	Track C late-breaker oral abstracts (CME)	Tuesday, July 20	12:00-12:50	Oral abstract session with live Q&A	N/A	Channel 3	DVR, PrEP, Islatravir
SY39	Silencing stigma (CME)	Tuesday, July 20	12:00-12:50	Symposium	Cross-track	Channel 4	PrEP, Treatment
PR05	Antiretroviral therapy: Time to change the paradigm? (CME)	Tuesday, July 20	13:00-14:00	Prime Session	N/A	Channel 1	Treatment
OALC06	Caring for the whole person: Integrating gender-affirming hormone therapy within HIV prevention services (CME)	Tuesday, July 20	14:00:14:50	Oral abstract session with live Q&A	Track C: Prevention science	Channel 2	PrEP
SY40	ART today and tomorrow (CME)	Tuesday, July 20	14:00-14:50	Symposium	Track B: Clinical science	Channel 3	Treatment
SY42	Why still invest in HIV cure research?	Tuesday, July 20	14:00-14:50	Symposium	N/A	Berlin+	Cure
OALX011B	IAS 2021 Co-Chairs' Choice (CME)	Tuesday, July 20	15:00-15:50	Oral abstract session with live Q&A	N/A	Channel 1	Treatment
OALD07	Delivering treatment where people live (CME)	Tuesday, July 20	15:00-15:50	Oral abstract session with live Q&A	Track D: Social, behavioural and implementation science	Channel 2	Treatment, DSD
OALA011B	Track A late-breaker oral abstracts (CME)	Tuesday, July 20	15:00- 15:50	Oral abstract session with live Q&A	N/A	Channel 3	Antibodies
SY44	Bringing curative genetic interventions for HIV and sickle-cell disease to resource-limited settings (HIV Cure & Gene Therapy Forum) (CME)	Tuesday, July 20	15:30-17:00	Symposium	N/A	IAS+	Cure
SY48	From design to delivery: Novel HIV prevention interventions (CME)	Tuesday, July 20	16:00-16:50	Symposium	Cross-track	Channel 4	Cure, General
SY49	How can we lower the barriers to PrEP	Tuesday, July 20	16:30- 17:30	Symposium	N/A	Berlin+	PrEP
SA32	Structural stigma: can practical solutions be applied to reduce its impact?	Tuesday, July 20	17:00-18:00	Satellite	N/A	Channel 3	KPs, General
PR06	Decriminalization of sex work and providing good health outcomes for sex workers (CME)	Tuesday, July 20	18:00-19:00	Prime Session	N/A	Channel 1	General
SA48	The time for long-acting is now – taking a new approach in treatment of people living with HIV	Tuesday, July 20	19:00-20:30	Sponsor Satellite	N/A	Channel 2	Treatment
SA01	An HIV vaccine: who needs it?	Tuesday, July 20	19:00- 20:30	Satellite	N/A	Channel 3	Vaccine
SA41	2021 90-90-90 Targets Update: Next Steps	Tuesday, July 20	19:00-20:30	Satellite	N/A	Channel 4	General
SA50	Transgender in Latin America 2021 - Sexually transmitted infections and HIV among transgender people: How to make the rates go down?	Tuesday, July 20	21:00-22:30	Satellite	N/A	Channel 1	PrEP, Treatment, Vaccine
SA40	PrEP enrolment and continuation works better for adolescents and youth when integrated with the provision of other services: lessons learned and challenges post-COVID-19 from Brazil and South Africa	Wednesday, July 21	08:00-09:00	Satellite	N/A	Channel 3	PrEP
OALC05	Pills and potions: The expanding repertoire of PrEP choice (CME)	Wednesday, July 21	12:00- 12:50	Oral abstract session with live Q&A	Track C: Prevention science	Channel 4	PrEP
PR07	Sexualized drug use and HIV infection (CME)	Wednesday, July 21	13:00:00-14:00	Prime Session	N/A	Channel 1	General
SY56	Intravaginal options: Today and in the future (CME)	Wednesday, July 21	14:00-14:50	Symposium	Track C: Prevention science	Channel 3	MPTs
RA01	Rapporteur report back session	Wednesday, July 21	15:00-16:00	Rapporteur session	N/A	Channel 1	General
CL01	Closing session	Wednesday, July 21	16:00-16:30	Closing Session	N/A	Channel 1	General
