

PrEP in Practice: Experiences from Delivering PrEP in the Field

Sponsored by Bill & Melinda Gates Foundation

Wednesday 25 July, 18:30-20:30 Hall 11A

Join us as we explore experiences and lessons from a selection of completed and ongoing oral PrEP implementation research studies. This session will look broadly across populations, settings, geographies and delivery mechanisms. The discussion to follow will focus on larger themes that emerge when data from diverse studies are reviewed together.

Presentations will be followed by a moderated panel discussion with audience participation.

SPEAKERS:
